

Student Booklet

Guidelines

1. Read and adhere to the official rules and regulations provided by the organizers.
2. Establish clear communication and defined roles within your team.
3. Thoroughly understand the assigned problem statement; seek clarification if needed.
4. Encourage innovation and creative solutions beyond conventional approaches.
5. Stick to the hackathon schedule, allocating time wisely for planning, development, and presentation.
6. Follow coding best practices, maintain clean, readable code, and use version control.
7. Document your project well, including code comments and a comprehensive README file.
8. Regularly test your solution, identify and fix bugs, and be prepared to demonstrate a working prototype.
9. Have contingency plans for unexpected issues and be ready to address potential challenges.
10. Practice your presentation to fit within the allocated time and clearly communicate your solution's impact.
11. Engage with mentors and judges, seek feedback, and be open to suggestions.
12. Maintain a professional and respectful attitude throughout the competition, adhering to ethical standards.
13. **Kindly be seated in the Dr. TMA PAI AUDITORIUM BY 7:45 AM ON 19TH December 2023 to ensure a hassle-free inauguration ceremony.**
14. **It is kindly request that all participants and mentors to stay within the event area, contributing to the smooth conduction of the overall SIH event. Your cooperation is greatly appreciated.**
